**RATIONALE:**
An eSmart school is where information and communications technology is used in a safe and responsible manner. Students, teachers and the wider school community are equipped with the skills and knowledge to embrace and safely navigate technologies.

**AIMS:**
- to provide a safe, secure and caring learning environment.
- to develop safe practices for the use of the internet for learning.
- to establish clear expectations for students, teachers and the community when using technology.
- to explicitly teach students safe, and responsible behaviour, and respectful online behaviours.
- to achieve accreditation as an eSmart school by meeting all criteria as outlined in the eSmart System Tools.

**DEFINITIONS**
**Bullying** is when someone, or a group of people, who have more power at the time, deliberately upsetting or hurting another person, their property reputation or social acceptance on more than one occasion. Bullying maybe direct (such as verbal bullying, name calling, insults, homophobic and racist remarks, physical actions) and indirect (lying and spreading rumours, playing nasty jokes, embarrassing, humiliating, mimicking, encouraging others to socially exclude others, damaging someone’s reputation, forwarding messages).

**Cyber** refers to the virtual online world which can be accessed through a variety of technology (computers, ipads, mobile phones, ipods).

**Cybersafety** is the act of maintaining your own and others personal security and wellbeing while interacting with the online world. (It applies to your full name, address, phone number, school, age, birthday, email address).

**Cyberbullying** is when an individual, or group, uses digital technology devices to intentionally hurt another person.

**Digital Literacy** is the knowledge, skills, and behaviours used in a broad range of digital devices such as smartphones, tablets and laptops.

**Digital Citizenship** is the social skills and protocols of responsible behaviour when using technology.
**Digital Footprint** is a trail left by interactions in a digital environment. In social media, a digital footprint is the size of the person’s ‘online presence’ measured by the number of individuals with whom they interact.

**Digital Literacy** is the ability to effectively and critically navigate, evaluate and create information using a range of digital technologies.

**Netiquette** is the set of social conventions that facilitate interactions over networks.

**Social Media** is the means of interactions among people in which they create, share and exchange information and ideas in online communities and networks (such as Facebook, Tumbly and LinkedIn).

**STUDENT EXPECTATIONS:**
Students are always expected to exhibit safe and responsible behaviours when using school equipment and communicating off and online.
Students must sign and follow the guidelines listed in the Acceptable Use Agreements before commencing online activities.
Students are encouraged to talk to a parent or teacher if they or others feel uncomfortable online participating in unsafe, inappropriate or hurtful online behaviours.
Students are expected to maintain their personal security and that of others by keeping personal information secure including usernames and passwords.
Students are expected to only take appropriate photos, audio and video with permission for educational purposes and not publish on online spaces.
